THE PUBLIC SERVICE COMMISSION

OF SOUTH CAROLINA

DOCKET NO. 2005-110-WS

March 22, 2006

IN RE: Petition of the Office of Regulatory)
Staff to Request Forfeiture)
of the Piney Grove Utilities, Inc.) PETITION FOR REHEARING
Bond and to Request Authority) AND/OR RECONSIDERATION
To Petition the Circuit Court for)
Appointment of a Receiver)

The Office of Regulatory Staff ("ORS"), pursuant to S.C. Code Ann. §§ 58-5-330 and 1-23-10, et seq. (as amended) and the applicable rules and regulations of the Public Service Commission of South Carolina (the "Commission"), requests that the Commission grant a rehearing and/or reconsider certain matters addressed in Order No. 2006-59 (the "Order"), issued on February 24, 2006, in the above-referenced docket. ORS received the Order on March 2, 2006. In support of this Petition and Motion, ORS states as follows:

I. Introduction

On February 24, 2006, the Commission issued its Order No. 2006-59 in this docket finding that Piney Grove Utilities, Inc. ("Piney Grove" or "the Company") failed to provide adequate and proper service to its customers but denying ORS's request to forfeit the performance bond. Testimony received from witnesses in this hearing revealed that

consumers have valid complaints concerning billing issues, a lack of responsiveness from Piney Grove, improper disconnections, improper repairs, odors and improper treatment and discharges. Order Pp. 3-4. In connection with these issues, ORS requested, and the Commission approved with the parties consent, the ability for ORS to petition the Circuit Court for appointment of receivers for the Piney Grove systems. The Commission further held that Piedmont Water Company, Inc. (an affiliated company of Piney Grove) currently has a performance bond on file with the Commission for wastewater service in the amount of One Hundred Twenty-Five Thousand Dollars (\$125,000) secured by a personal financial statement executed by Mr. D. Reece Williams, IV, and Ms. Elizabeth P. Williams ("Mr. and Mrs. Williams") in their personal capacity. Additionally, the Commission held that the bond on file for Piedmont secures and covers the operations of Piney Grove pursuant to a consolidation of systems in Docket No. 2000-588-W approved by Commission Order No. 2001-761. The Commission, however, denied the forfeiture of the bond due to a lack of "sufficient specific evidence in the record quantifying the amounts needed for expenditure to fix the obvious deficiencies in the Piney Grove system." Order P. 15. ORS consents to the majority of the order; however, ORS believes the public interest and judicial economy are best served by reconsidering this matter or, in the alternative, holding a rehearing on this matter to accept evidence as to the amounts needed to fix any deficiencies in the Piney Grove Systems.

II. The Commission Should Reconsider Its Decision in this Matter or, in the Alternative, Set this Matter for Rehearing for the Sole Purpose of Accepting Evidence as to the Cost of Repairs to the Piney Grove Systems

S.C. Code Ann. §58-5-720 specifies that:

The commission has the right, upon notice and hearing, to declare all or any part of the bond or certificate of deposit forfeited upon a determination by the commission that the utility failed to provide service without just cause or excuse and that this failure has continued for an unreasonable length of time.

The statute does not require that the bond be revoked in an amount equal to the amount necessary to repair or operate the system. Similarly, while 26 S.C. Code Regs. 103-512.3.1 bases the amount of the bond on certain annual expenses, the regulation does not state that the bond can be revoked in an amount equal to expenditures to repair or operate the system. Further, the Performance Bond executed by Mr. and Mrs. Williams in their personal capacity mirrors the language of the South Carolina Code and fails to specify any requirement on the amount of the bond to be revoked.

To this extent, any evidence presented at the hearing by the parties relating to expenditures by the receivers would have been speculative due to an inability to provide adequate and reliable information. Prior to the hearing before the Commission in this docket, the Department of Health and Environmental Control ("DHEC") paid for an operator to run the Lloydwood wastewater treatment system until a receiver could be located. Transcript, Vol. 2 at 116-117. The operator was responsible only for taking the necessary steps to allow the system to function as well as possible under its existing system. As DHEC did not have the ability to make repairs on the system, there was no information to provide the Commission on specific repairs that were required to be made or had been made. Additionally, the current receiver for the Lloydwood wastewater system, the City of Cayce, did not assume temporary receivership authority until September 15, 2005 – over one month after the hearing in this matter concluded. See

Letter of Piney Grove Utilities, Inc. to the Public Service Commission of South Carolina dated September 28, 2005. Richland County did not become temporary receiver for the Franklin Park wastewater system until August 1, 2005 – only one week prior to the hearing. Transcript, Vol. 2 at 124. The timing of these issues clearly did not afford the parties the ability to properly assess the systems and include any repair or replacement information in pre-filed direct testimony.

The parties are now in a position to provide this information deemed necessary by Order No. 2006-59 to the Commission. Currently, there are receivers in place for both the Franklin Park and Lloydwood wastewater systems and the Albene Park water system. The receivers have been operating and making repairs to the systems for over six months, and have had sufficient opportunity to evaluate operations and make any necessary expenditures. As evidenced by the attached affidavits, the receivers have already expended certain funds to provide adequate and proper service and to begin bringing the systems into compliance with both Commission and DHEC regulations; therefore, they are currently in a position to inform the Commission of those costs which was not possible at the time of the hearing.

ORS requests that the Commission reconsider Order No. 2006-59 and revoke the bond at issue in this matter. In the alternative, ORS requests that the Commission set this matter for rehearing for the sole purpose of accepting into evidence any information regarding expenditures made by DHEC and the appropriate receivers. By allowing a rehearing, the parties will be afforded the opportunity to ensure that the systems have been evaluated as to any necessary repairs and estimated costs. Additionally, such a forum

would provide the parties the ability to ensure such expenditures were prudent and

reasonable and resulted from Piney Grove's failure to provide adequate and proper service

to its customers. Requiring the receivers or DHEC to file a new petition with the

Commission would result in unnecessary delay and would cause undue hardship on both

the receivers and the customers; however, by reconsidering this matter or, in the

alternative, allowing a rehearing on this one issue, judicial economy would best be served

and would allow an expeditious resolution to this matter.

WHEREFORE, having fully set forth its grounds for this Petition and Motion, ORS

respectfully requests that the Commission reconsider Order No. 2006-59, as set forth

herein, and grant such other relief as the Commission deems just and proper.

March 22, 2006

IN RE: Petition of the Office of Regulatory Staff to Request Forfeiture of the Piney Grove Utilities, Inc.)	AFFIDAVIT OF JOE L. RUCKER
Bond and to Request Authority	į	
To Petition the Circuit Court for Appointment of a Receiver)	•

The Affiant, after having been first duly sworn, deposes and states as follows:

- 1) My name is Joe L. Rucker and I am employed by the Department of Health and Environmental Control as the Assistant Bureau Chief of Water.
 - 2) My office is located at 2600 Bull Street, Columbia, South Carolina 29201.
- 3) My duties and responsibilities as Assistant Bureau Chief of Water for the Department of Health and Environmental Control include the management and oversight of emergency funds expended by the Department for water and wastewater systems.
- 4) On April 22, 2005, the Department of Health and Environmental Control sought and received the right to operate the Lloydwoods Subdivision wastewater treatment facility (WWTF) due to Piney Grove Utilities, Inc. failure to properly operate the system and failure to provide an operator of the system. The Department of Health and Environmental Control operated the Lloydwoods WWTF until the City of Cayce became the temporary receiver for the facility on September 30, 2005. As evidenced by the attached exhibit, based upon our records, from April 22, 2005 to September 30, 2005, the Department of Health and Environmental Control expended \$18,935.46 in necessary repairs and services to the Lloydwoods WWTF owned by Piney Grove Utilities, Inc.
- 5) On January 12, 2006, the Department of Health and Environmental Control issued a purchase order for \$30,000.00 to pay for connection of the back-up well for the Franklin Park Subdivision as the primary well must be replaced.

6) The total expenditures made and planned for procurement by the Department of Health and Environmental Control equal \$48,935.46.

AND FURTHER THE AFFIANT SAYETH NOT.
